***Admission Procedures and Enrollment Management** : to ensure optimal teaching conditions and student safety, the number of places in the golf school is strictly limited. Submitting a registration application, even a complete one, does not guarantee final admission. The club reserves the right to select applicants and determine the allocation of available spots should the number of applications exceed the facility's capacity. The club will finalize the list of accepted students based on its own criteria (including the order in which applications were received, re-enrollment of returning students, motivation and enthusiasm for the game, the balance of skill-level groups, etc.). In the event that an applicant is not admitted, the club will notify the legal guardian and issue a full refund of any amounts paid, without giving rise to any form of compensation.

Prices :

- Golf school : € 500
- Golf clothing available for children who are not club members at a preferential rate of € 100

Please note that the FFGolf licence fee is required in addition to the Golf School membership fee.
